FUJITSU Port Replicators Components Accessories

Get connected to your peripherals in no time

Flexibility, expandability, desktop replacement and investment protection are just few benefits of Fujitsu's docking options. Our port replicators are the perfect docking solutions for LIFEBOOK notebooks, STYLISTIC tablets and CELSIUS mobile workstations. In the office or at home it takes just a second to attach your device to the port replicator and get connected to peripherals such as an external display, keyboard and mouse. Your workplace is simple and tidy while you are ready to work with your Fujitsu device.

Reliability
- High quality and stability
- Everything you need from one source

Ease of Use
- Connect your notebook or tablet instantly to all your peripherals
- One-hand release mechanism
- Leave your peripherals plugged to the Port Replicator
- Wide range of interfaces
- Hot docking
- Family port replicator which supports several notebooks over several generations (Depending on model)
- Optional power-on button- for convenient switch-on of select notebooks (Depending on model)
